

YOUR **FULL-SERVICE** ENGINEERING PARTNER

PSN is an ISO 9001:2015 certified engineering firm, providing services in all areas of product development.

We have three main Laboratories comprised of our Engineering Design Center, Material Processing Lab, and our ISO/IEC 17025:2017 certified Testing Laboratory.

Our teams of highly qualified engineers, scientists, and SMEs work across each lab to provide a unique advantage to our clients.

EXPERTS IN BIO- COMPATIBILITY TESTING

PATIENT SAFETY IN MIND

- Specialized team of SMEs
- ISO 10993 and ISO 18562 series
- Toxicological Risk Assessment
- FDA Submission Assessment

PSN Labs has the experts to isolate confounding variables and provide clear analysis to guide the commercialization of existing and new medical devices.
